* Depth does not include 1” bumper.

Undercounters Refrigerators with Drawers

FUR/FUF Series

Specifications FUR/FUF Series

Construction

Heavy duty stainless steel exterior top, front and sides. Galvanized back panel. Interior completely constructed of heavy duty stainless steel with coved corner floor. Door is heavy duty stainless steel exterior and interior, in-step design with hinged solid doors and positive seal. Drawer is heavy duty stainless steel with heavy duty drawer slides, self closing with a gentle close. Accommodates: 27" & 60" models (1) 12" x 20" x 6" deep pan per drawer / 48" x 72" models (1) 12" x 18" x 6" deep box or (1) 1/2 & (1) 1/3rd pan (pans and box sold separately).

Doors and Drawers provided with magnetic door gaskets, removable without tools, self-closing. Doors with 120° stay open feature / Drawers are full extension. Recessed full length handles.

Door / Drawer openings have a plastic breaker strips to retard condensate formation. Unit comes complete with a 2" Ecomate CFC-Free polyurethane insulation, foamed in place.

Refrigeration System

Self-contained capillary tube system using environmentally friendly (CFC Free) R-134a refrigerant. Front breathing for built-in applications. Evaporator coil is mounted to interior top panel encased in stainless steel. Large fan motor and fan blades for better air flow.

Refrigerators are designed to maintain temperatures between 33° F to 38° F in the interior cabinet during normal operations. Analog thermostat.

Shelving

(2) Epoxy coated shelving per door with channel slides for supports. Adjustable in 1/2" increments per shelf.

Others

Unit is supplied standard with a 8' cord and plug (Nema 5-15p). Standard with 5" diameter casters, front two with brakes.

Warranty

3 year parts and labor warranty plus 2 additional year compressor warranty. (Continental U.S.A. & Canada only).

Drawers come standard with (2) pan dividers.

The manufacturer reserves the rights to modify materials and specifications without notice.
